ABOUT ME

I work in security and IT help in Edmonton. I watch computer systems, find attacks early, and write clear reports. I practice every week in my own home lab. I also build safe websites for small businesses.

I have a Canadian work permit (PGWP). I do not need sponsorship. I have a full Class 5 driver licence and my own car.

CERTIFICATES

- CompTIA Security+ (SY0-701) - June 2026
- ISC2 Certified in Cybersecurity (CC) - 2026
- Google Cybersecurity Professional Certificate - 2026
- Intermediate First Aid and CPR - October 2026
- Alberta Security Guard Licence - valid
- Studying now: Microsoft SC-200

SKILLS

Finding attacks:

Wazuh, Windows logs, alert checks, MITRE ATT&CK basics. I ran more than 50 practice attacks in my lab and wrote a report for each one.

Tools:

Wireshark, Nmap, Linux, Windows Server, Active Directory (user accounts and passwords). Splunk and Microsoft Sentinel: lab use.

IT help:

Fix accounts, reset passwords, set up computers, solve simple network problems (IP addresses, DHCP, DNS).

Websites:

Next.js, React, Python. I set up Linux servers with firewalls and SSL.
